## Coming Events:

- Wednesday, 4 October — First Wetspot Summer Time Trial, Molonglo Reach, 5: p.m. briefing
- Saturday, 7 October — First Canberra Dragon Boat Association regatta, Grevillea Park, 6 am–4 pm
- Saturday, 14 October — Race 11 PNSW Marathon 11 Series; Makai Paddlers, Burrill Lake, NSW
- Sunday, 15 October — Tumut River Race, Tumut, NSW [Peter McIntyre: [peterm@mpcc.com.au](mailto:peterm@mpcc.com.au)]
- Sunday, 15 October — Lake Burley Griffin Water Week Challenge Cup (see 14)
- Saturday and Sunday, 21–22 October — Canoe Polo Invitational, Molonglo Reach, Campbell, ACT
- Sunday, 22 October, 1–4 pm — A Taste of Paddling, Molonglo Reach, Campbell, ACT
- Saturday, 28 October, 2017 — Hawkesbury Canoe Classic, Windsor to Mooney Mooney, 111 km
- Monday–Friday, 20–25 November — Murray River Marathon, Yarrowonga to Swan Hill, 5 days, 404 km
- Friday–Sunday, 8–10 December, 2017 — Grand Prix 1, West Lakes, SA
- Saturday–Sunday, 9–10 December — 24-hour challenge, Molonglo Reach, ACT

## President's Report

Firstly, welcome to spring, and your new look committee. I want to thank all of the members of both the new and outgoing committee for their work over the past year, and the coming year. This year we have a good mix of old and new hands and I'm very much looking forward to the year ahead. As I have said previously, I want to particularly thank both Scott MacWilliam and Russell Lutton as boat captain and marathon convenor respectively. Both have greatly contributed to the smooth running of the club. Those who came to the AGM got a tour of the in-progress shed extension, both stages 1 & 2 (the big new bit) and stage 3 (the refit of the old toilets). Both are coming along nicely, with the frame up on stage 1, and the internal framing on stage 3. Lots and lots of gratitude must go to the shed subcommittee — Bob Collins, Scott MacWilliam, Patricia Ashton, Scott Hunter and Robert Bruce — for keeping the project on track and even picking up the tools themselves. You can read the subcommittee's latest update on page 5.

Many of you would also be aware of long-time club members Robin Robertson and Paul Hartlipp, if only by Paul's infectious laugh. They've been good friends of mine almost as long as they have been in the club. On Sunday, 24 September, they got married, and have now moved to Malaysia. So I wanted to wish them all the best in their new adventures. They will undoubtedly return to Canberra and BGCC in the future.

The Wetspot Summer time trials commence on Wednesday, 4 October, at 5:30 pm. I encourage anyone who is thinking about participating to come down and give it a go. You can participate regardless of your speed (I'm testament to that) or skill level. Or just come out for a social paddle while the time trial is on. Then cap it all off with the social BBQ.

Paul Hartlipp and Russell Murphy at the Queanbeyan home-built boat race, 2016(?)

See you on the water.

*Russell*

## Boat Captain's Report

Hi all

Very fresh in the new Boat Captain role and away for the first week means I really have not had time to get things up and rolling.

I have a quickly growing list of applications for spaces in the extension. People are very keen to get a spot so keep the applications coming. They will be dated and first in will be first served.

There are a few boats heading out over the coming weeks, so if you have plans for the future, please let me know so I can get a plan of what people are looking to do.

As always, if you see anything that needs repair, please let me know so Dave and I can get them fixed sooner rather than later.

Other than that, I hope to get out there and see more of you on the water as it warms up.

Thanks

*Scotty*

16 Wollongong Street, Fyshwick, Phone: 02 6239 1323

## Shed Extension Update

If you have been to the river lately you will notice that the frame for our shed extension is now up. The builder hopes to have the roof on by the end of September and then it is only a matter of cladding the extension and fitting the doors to finish it. It is then over to our new Boat Captain, Scott Hunter, and his crew to design suitable boat racking for the main Stage 1 boat storage area.

The Stage 2 Meeting Room/Storage section will eventually contain a large table and chairs for meetings, cabinets for all club records, etc., and a large TV and video unit for coaches to review video sessions of training courses. If anyone knows where we can pick up a suitable table that is preferably extendable and will seat 10 people, please let the committee know.

While the Stage 3 shower and locker room area was going to be tackled last, we have been fortunate to have a number of volunteers give their time to 'gut' the old toilet area. This has enabled our contracted plumber, Mastaflo Plumbing and Shane Lund, with the assistance of the tireless Scott Hunter, to make substantial progress framing and plumbing the men's and women's shower areas. We are hopeful that sometime in November we will have the internal framing and cladding finished and a couple of showers operational.

There is still a long way to go but we are hoping to be able to offer members additional boat storage, an expanded kitchen area and some extra showers by December 2017.

As much of the internal fitout and furnishings are not considered 'capital works', we could not include them in our bid for money via the Capital Assistance Grant. Therefore, once we get to the fitout stage, in order to save money, we will call on volunteer labour from within the club to build the racking in this area. Similarly we will also design and build shelving and cabinets for general storage in our Stage 2 Meeting Room/Storage area. We can keep our labour costs down if we can call on volunteers from within the club with carpentry, cabinet making or electrical experience to give us some of their time.

*Bob Collins, Scott MacWilliam, Scott Hunter, John Lockie and Robert Bruce*  
Shed Extension Sub Committee

## Flatwater Marathon Report

Key marathon races for club members to attend:

This Wednesday is the start of the weekly club races. This year will see half the races following the same format as normal, with the other half being a handicap format and two fun doubles races. Please attend and support the club, bring the family for the after-race BBQ and let's get the community spirit going.

Saturday, 14 October, is the closest PNSW marathon of the year for BGCC members. I hope this encourages paddlers young and old to dust off the kayak and hit the water. I, for one, love paddling in the open water and amongst the elements. Great location, why not make a weekend of it.

If that Saturday isn't enough, the Tumut River Race is the very next day, 26 km down grade one rapids (easy). I expect the winner to be around 1:20 ... so not much paddling required with the swift current.

*Craig*

### 2017 event calendar

Myall Classic	Saturday, 16 September	Tea Gardens
Race 11 (and presentations)	Saturday, 14 October	Burrill Lake (Makai)
Tumut River Race	Sunday, 15 October	Tumut
Hawkesbury Canoe Classic	Saturday, 28 October	Windsor – Mooney Mooney

### 2017–18 Wetspot Summer Time-trial Series

The first summer time-trial series is today.

Date	Activity	Timekeeper

Event	Dates	Venue
Training camp	14–15 October	Tuggeranong Pool
Canberra Invitational	21–22 October	Molonglo Reach
2018 Canoe Polo National Championships	30 March–1 April 2018	West Lakes, SA

## Slalom Report

The slalom and wildwater world championships were held in Pau, France, recently and, as is the case every year, provided a source of inspiration to get back onto the water over the summer.

The Australian women's C1 team — Noemie Fox, Jess Fox and Ros Lawrence — picked up a silver medal at the 2017 World Championships.

Several BGCC paddlers (including Sue, Anna and Louise) participated in the annual Snowy River Extreme Race, held over a short section of the Snowy River below Mungyang power station and Island Bend on 1 October 2017. Now a regular event on the paddling calendar, the race attracts paddlers from around the region and interstate, and is a good way of combining your adventurous paddling spirit with a bit of competitive racing.

The main focus of the slalom and wildwater group this year will be developing our whitewater skills. We will participate in several PaddleNSW introduction to whitewater groups (with trips pencilled in for 18–19 November, 13–14 January 2018 and 17–18 March 2018). The venue for these trips will likely be the Murrumbidgee River at Childowla, or locally if there is water in the river.

To get ready for these, we will paddle on the gates or the river on Saturday, 28 October 2017 and 11 November 2017 (2–4 pm). The venue will be the Weston Creek drain or Pine Island. Let me know closer to the date if you'd like to come.

See you on the river.

\*Formerly known as Australian Schools Championships

## SUP

Greetings paddlers

SUPers have returned to an early morning start at Molonglo Reach.

### Events attended

Rohan Evan, 2nd place O40s Mens — The Chucky, Fishermans Beach 8km — Ocean Race

Group morning training session on calm waters in the main basin

Rohan Evans – Fishermans Beach

### Upcoming events

I have listed on the CAP SUP webpage all upcoming events identified this year.

The Wetspot and CAP SUP will be hosting NISCO 2017 at Kingston Foreshore (Naish Nisco inflatable 12'6 boards) on Sun, 29 Oct. All details will follow shortly on our CAP SUP Facebook page. An enjoyable day for all.

We would like to put the call out 'to all club members' to come and participate and have a go.

Time Trials have started back on Wednesday this week. We hope to see you down at the Reach, 2 laps 5.50pm, 1 lap – 5.55pm start. I ask that you consider providing assistance over the summer series to help out at the BBQ or Time Keeping (you will be awarded points for your assistance).

Cheers

*Joanna*

## Sprint

Future Events	Dates	Venue
<del>Grand Prix 1</del>	<del>8–10 December 2017</del>	<del>West Lakes, SA*</del>
Grand Prix 2	9–11 February 2018	SIRC, NSW
2018 Senior Selection**	4–5 March 2018	SIRC, NSW
2018 Canoe Sprint National Championships	6–10 March 2018	SIRC, NSW

\* Australian Canoeing has cancelled Grand Prix 1 scheduled for December owing to a clash with other sporting events and the limited availability of accommodation, flights and transportation.

\*\* Please note 2018 Senior Selection (4–5 March 2018) is an invite-only event.

## Report from the Myall Classic

Google 'The Myall Classic' and you'll soon get the gist. This race, on the Myall River starting from Tea Gardens, is treated by many as a stepping stone to the longer and less well lit Hawkesbury Canoe Classic in late October. Evidently, not so many BGCC paddlers are up for The Hawkesbury this year as only seven paddlers in four kayaks ventured the 6-hour trip north on the eve of the event.

Scott MacWilliam and David Abela, Helen and David Tongway, Patricia Ashton and Bob Collins, and Richard Fox, unperturbed by forecasts of 35km+ winds and tide charts that suggested paddling both ways on the out-and-back course against the flow, flew the BGCC flag in 2017. Robert Bruce was a late withdrawal but is expected to tackle The Hawkesbury again this year.

Richard Fox

Photo courtesy of Tony Hystek

The event was very well attended and seems to be growing in popularity. Perhaps

300 paddlers took to the waterway to cover 12 kms, 27 kms or 47 kms. The weather on the day turned out to be pretty good. The wind did get up from later in the morning and strong gusts presented challenges on the more exposed sections of the river, however, it was generally agreed that it was far less traumatic than the forecast had suggested. Of equal or greater relief was the fact that the tide, while a foe on the outward leg, was a friend

all the way back. This was not expected but was VERY welcome.

Patricia Ashton and Bob Collins

Photo courtesy of Tony Hystek

Scott and David, in their SLR2, reported feeling well pleased with their time of 2:54:31 for their 27 kms, placing them second in their race. Credit to David Tongway, who wasn't a sure

starter until the morning of the race. He and Helen completed their 27 kms in 3:24:17. Patricia and Bob, in their SLR2, tackled the 47 km course despite a less-than-ideal preparation and finished in a time of 4:51:38, placing them 4th in their race. Bob was keen to rescue his meat tray, won the night before at the

Helen and David Tongway  
Photo courtesy of Tony Hystek

Hawksnest Golf Club, and this might explain his strong late surge ... "I need protein!" Richard, in his SLR1, crossed the finish line in his 47 km race in a time of 4:37:30, placing him second.

At the end of the day, it wasn't about times or places but about the satisfaction of completing a very challenging event and doing so with the support and encouragement of good friends. Well done to all.

Now The Hawkesbury ....

*Richard Fox*

## Hawkesbury Canoe Classic

At this stage there isn't a big club presence for this iconic race. John and Steve Harmer have been spied on the river having started their training for John's 41st Hawkesbury and Steve's 30th. They always have family as their land crew — last year they had quite a large vocal crew for the 40th anniversary race.

Denby and Pete are attempting their second Hawkesbury. Last year they had done the Harmer training plan (about 6 weeks' worth) but unfortunately Pete was called away with a death in the family the day before, so Denby swapped boats, from the Mirage 730 to a V8. This didn't go well and he had to pull out at Wisemans. Over the last year they had been putting in the kms locally, on the Clyde and, this weekend, on the Hawkesbury. They also have their own land crew made up of army mates — so they should be well looked after.

David Tongway decided not to tackle the distance as his back plays up too often to allow a good training regime, or to handle the 12–14 hours in the boat. So, Bob, in gentlemanly style, offered to paddle with Helen (saves him talking to himself). So they will be paddling the Tongway Mirage 730.

Richard Fox will be facing the Hawkesbury in a single this year. Richard has had several ill-fated attempts over the years, as well as some great results, so has been training hard to put the demons behind him.

Robert Bruce hasn't quite committed yet — but has been training and pondering poetry (read previous *Blazing Paddles* with Hawkesbury stories from the last 2 years). It's not a race but an experience to be savoured and enjoyed. (Not something I can relate too!)

Hopefully, we won't have any paddlers pull out until Mooney Mooney — when we can 'pull' them out of their boats, clean them up and drive them back to Canberra.

Depending on Roberts' attendance, we'll only require 2–4 land crew and I have volunteers — Geoff Collett, Scott MacWilliam and David Abela have offered to assist. They have all land crewed previously, as well as successfully and unsuccessfully paddled the race. So it's going to be an easy year for us — several years ago, we had 21 club competitors, about 15 land crew, the trailer, 2 tents, lunch, dinner and breakfast makings.

*Patricia*

## Lake Burley Griffin Water Week Challenge Cup

The National Capital Authority's Challenge Cup will be a race of triple kayaks in Central Basin as part of National Water Week. National Water Week encourages the Australian community to think about the ways we use, consume, protect and care for this vital resource. This year's theme, *Water: the heart of our Culture* reminds us that Lake Burley Griffin is at the heart of our city and is a huge part of Canberra's cultural identity.

**WHEN** Race starts at 11 am, Sunday 15 October 2017

**WHY** *Water: the heart of our culture* - National Water Week 2017

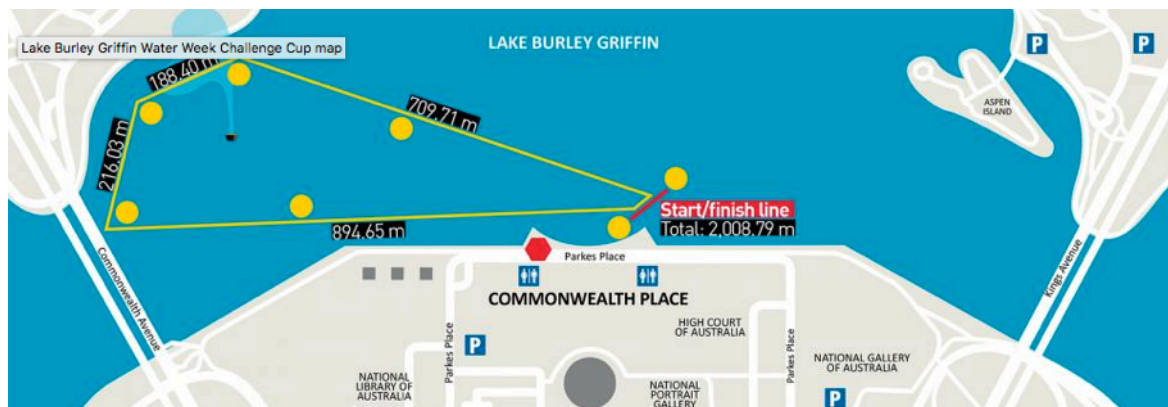

**WHAT** Teams of three competing in a 2,000 metre kayak race at Central Basin, from Commonwealth Place, West Jetty

**REGISTER** \$60.00 team registration fee, by Thursday 11 October  
<https://eventplus.co.nz/start?eporg=LBG17> or 6271 2858

Team registrations are now being taken, with a maximum of 30 teams being sought.

**NOTE: Registration is due no later than next Thursday, 12 October**

Register your team today at: <https://eventplus.co.nz/start?eporg=LBG17>

## Reminder: 24-Hour Paddling Challenge 2017

### Weekend of 9–10 December

Hosted by BGCC at Molonglo Reach, Campbell, ACT

This year we are planning for a low-key event. BYO: everything. Shelter tents permitted in a limited area, not under trees. We are not trying to raise funds for any charities, but if you feel like donating to the BGCC Club Shed Building Fund – all monies will be gratefully received!

**Entries:** via *Register Now*, by Saturday, 2 December 2017

**Entry Fee:** \$40

**Course:** 4.5 km loop course on Molonglo River

**Briefing:** 9:00 a.m.

**Start Time:** 9:30 a.m., Saturday 9 December 2017

**Finish Time:** 9:30 a.m., Sunday 10 December 2017

Early morning tranquillity, Molonglo Reach, 26 November 2006

**Paddler Safety:** There will be a safety boat stationed at the start/finish area, but paddler safety is to be by paddlers caring for anyone in need of assistance on or in the water. Paddlers are all to have at all times out on the water: a pea-less whistle, readily available to relay a message along the river that the safety boat is needed – either upstream or downstream of the start. Any time spent in assisting another paddler in difficulties will be allowed for in the distance paddled.

**From Sunset: lap starting at or after 7:45 p.m.:** all paddlers must wear a lifejacket, with a torch attached, along with their readily available whistle. All paddlers must have lights on stem and stern of their craft. Cyalumes will be provided for paddlers use.

**Amenities:** BGCC Club Shed has a warm shower; there are public toilets; a club barbecue will be available and if enough interest is shown, a thick soup can be provided. The club kitchen has a fridge and kettle and pod-coffee drink-maker.

## New Club Boat

The club was recently in the position to purchase a Horizon Flyer for a good price from Robin. This boat fits into our Fleet Plan as a transition boat from the stable, robust boats into the more race-type craft. It is longer, somewhat faster but more stable than the TKs, making it a great boat for marathon races, especially the longer distance races like the Hawkesbury.

This particular boat has had some history within the BGCC. It first belonged to Gerry Foster (former member), then was at Wetspot for some time before it was purchased by Helen Tongway. It was 'borrowed' by me to do the Hawkesbury (as Helen had broken her leg and couldn't paddle the double with me that year, as planned and trained for). I then purchased it from Helen as I found it to be a great boat for marathon. I later did a Murray Marathon in it, as well as a Burley Griffin Bash and several Marathon series races. As I moved onto the Sonic, I sold the Flyer to Robin, who had planned to use it in the Hawkesbury also. Although that hadn't eventuated, she did use it in some of the Series races.

It is now in the shed and ready to be used by club members. Until the shed extension is ready, the Flyer can be found in one of the Boat Captain spots on the bottom of the third bay.

Don't forget PFDs are compulsory if you are using a club boat and to use the Sign In Register when taking out any boats.

*Patricia*

## Results from BGCC's 2017 AGM

At the annual general meeting on 24 October, committee, convenor and other positions were opened to nominations and officers for this next year elected (or re-elected). The new committee and convenors for 2017–18 are:

### Committee

President:	Russell Murphy:
Vice-President:	Patricia Ashton
Treasurer:	Jane Lake:
Secretary:	Kai Swoboda
Boat Captain:	Scott Hunter
Safety & Training:	Dominic Hides
Ordinary Members:	Christine O'Brien Jacque Gutterson

**Public Officer** Bob Collins

### Convenors and Others

Membership Secretary:	Helen Tongway
Marathon:	Craig Elliot
Canoe Polo:	Laura Kleinrahm
SUP:	Joanna Nelson
Slalom & Wildwater:	Kai Swoboda
Coaches' Representative:	Margi Bohm
Sprint (unofficial)	Kiaran Lomas and Cherie Van Baardwyk

## Wedding Bells

On Sunday, 24 September, on one side of the world two deranged people continued their promises to blow each other — and millions of others — out of existence. On the other, hopefully more sensible side of the same planet, affection and commitment got a welcome run at the Old Canberra Inn in Lyneham. After years learning about each other's charms and foibles, two long-time members of the BGCC were married beneath the coffee bean sacks in a room full of friends and suitable decorations. The wedding cake even had a paddling sculpture on its top and the club president, alias Best Man, enlarged upon the theme in his speech.

Robin and Paul  
Photo courtesy of Bob Collins

Robin and Paul's wedding cake  
Note the wire kayakers on top  
Photo courtesy of Bob Collins

Robin Robertson and Paul Hartlipp, resplendent in party clothes as well as a tie, appeared before us: from the back of the room, blushes and tears could be noticed as the celebrant repeated the words, some of which may soon be obsolete. A familiar, simple ceremony which obviously meant so much to our friends as they prepare to travel away to where their previous status wouldn't have been welcomed. Speeches flowed, as did the drinks and the finger food.

Although the temperature outside had cooled substantially from the previous day's record, the room at the Inn felt warm and completely relaxed. The bride and groom mingled — and no one had disgraced themselves, at least by the time I left. Spring and romance filled the air. Robin and Paul epitomised the old saying that age is no barrier.

*Scott MacWilliam*

## Member Profile: Michael Hanemaayer

Photo courtesy of Bob Collins

Michael joined BGCC earlier this year when he moved from Tasmania, where he was born at Kingston, just outside of Hobart. He holds a Bachelor of Education acquired at the Launceston campus of the University of Tasmania and is a PE teacher at Gungahlin College. Coming from the Apple Isle, Michael has had no trouble training through Canberra's recent winter.

Now 23, Michael began whitewater paddling in 2009, then moved to multi-sport, ocean paddling and flatwater marathon racing. This background has been instrumental in Michael attaining a remarkable degree of stability in his boat, regardless of conditions. He has just acquired probably the least stable boat in the club but shows no signs of falling in, as yet. There is a reward for the first club member who gets a photo of Michael swimming in the river or lake and remounting his K1!

Not completely satisfied with coming second earlier this year at the NSW

State championships, Michael has begun training with Margi Bohm, working on both technique and stamina. In a recent email to her squad, Margi set Michael a 15km/hr Threshold speed for training! (NB. That is Threshold, a bit like cruising speed not Goal or Goal plus for those familiar with or interested in joining Margi's training sessions.)

Definitely a paddler to watch who will be winding up a few of the club's 'old guard' over the next year or so when he gets fitter.

Welcome to BGCC Michael. All the best for the future, including for your wedding next April.

*Scott MacWilliam*

### Australian Canoeing Safety Guidelines

Safety Guidelines are available at: <http://canoe.org.au/wp-content/uploads/2015/06/Safety-Guidelines-2015.pdf>

\*\*\*\*\*

This is a reminder that a lifejacket must be worn whenever a club member is paddling a club boat. Also a reminder to those club members who have the privilege of having your own boat residing in the club shed, that you have agreed to use your boat at least 25 times per year – or you may be asked to remove it.

**Club Rules** can be viewed at: <http://www.bgcc.org.au/images/FormsAndGovernance/boatshedrules.pdf>
